

## MANDATE for the "security made in Lëtzebuerg" (SMILE) g.i.e

On behalf of the Ministry of the Economy, I hereby mandate "security made in Lëtzebuerg" (SMILE) g.i.e. to operate the CIRCL (Computer Incident Response Center Luxembourg).

Within this mandate of the Minister of the Economy, CIRCL is the responsible Computer Emergency Response Team for private and non governmental entities and communes.

In this function and within the limits of this mandate, CIRCL :

- acts as the economic and communes CERT,
- identifies synergies in the area of information security,
- increases readiness and incident response capabilities,
- performs research at a global level,
- establishes EU wide and international collaboration,
- shares information about threats,
- implements an early warning sensor network and thus increase the attractiveness of Luxembourg as a trusted e-economy hub.

Within the scope of private and non governmental entities and communes, CIRCL is covering '.lu' top level domains (TLD), Internet public autonomous system numbers (ASN) and IP addresses located/originated and/or operating in/from the Grand-Duchy of Luxembourg.

Luxembourg, March 6th, 2015

Étienne Schneider

Minister of the Economy
